

## How does the B.E.T.A. group work?

---

### Submitting your project for B.E.T.A testing

- 1 Access if you're ready for testing by reviewing provided documents
  - [Is My Product Ready For B.E.T.A Testing?](#)
  - [B.E.T.A. Testing Checklist For Success](#)
- 2 Log into the B.E.T.A. Facebook Group
- 3 Read the [Post Guidelines](#)
- 4 Craft your post accordingly & submit
- 5 The moderating team will review your post to ensure it follows the guidelines
- 6 If your post is accepted, it will go live and you can start getting testers  
If your post is rejected, you will receive a notification with feedback. Once the necessary adjustments are made, resubmit for approval

### Acquiring B.E.T.A. testers

- 1 Once your post is live, people will be commenting / reacting to your post
- 2 Moderators will tag people whose profile fits your target user to help you gain traction on your post
- It is your responsibility to reach out to those who show interest in your post

### B.E.T.A. testing for someone else

- 1 Regularly review posts to see opportunities that fit your profile
- 2 Either post a reaction or a comment in order to show your interest
- 3 The post owner will reach out to you with further questions / instructions
- Remember to give the quality of testing that you would want given to you
